

Child Protection and Safety Policy

“In the Lutheran school the gospel is to inform all programs, relationships and activities” (LCA and Its School statement). The love of God in Jesus Christ is to govern all that is done, in response to this love, people in the school community are directed to their fellow human beings. Where they love others, they love him. Christ’s promise is that whatever is done for others is done for him. Informed and transformed by God’s creative, redemptive and sanctifying love, God’s people are concerned with the total needs of their fellow human beings (Industrial Relations and the Lutheran school).

The Child Safe program in place at Lakeside College defines power as the capacity to set and care for boundaries. Boundaries are the structures which support human development within community; boundaries may be personal, communal, spiritual, psychological or physical. In Christ, there is an empowerment by the gospel to recognise boundaries and prevent their destructive crossing and to care for those who have been violated. Our responsibility of leadership is to care for professional boundaries through the establishment of structures that protect them. Structures provide for support, examination, and action to ensure that school leaders, staff and students act according to boundaries that help, protect and uphold the dignity, worth and safety of each individual. (Valuing Safe Communities: Statement of values)“(Valuing Safe Communities: Statement of values)”.

Lakeside College has developed the following Child Safe Policy. This Policy is an overarching document that provides key elements of our approach to protecting children from abuse. It is designed to be communicated through our public website as well as through other mediums such as newsletters, our annual report and in induction and welcome packs for College Council members, staff and volunteers.

The Policy forms the foundation of the College’s procedures, practices, decision-making processes and ultimately the College’s culture with respect to child safety.

It is designed to be published on our public website as well as communicated through other mediums such as newsletters, our annual report and in induction and welcome packs for College Council members, staff and Volunteers.
